Spalding DeDecker Associates, Inc. acquires San Antonio Firm Coyle Engineering Inc.

Rochester Hills, MI (February 20, 2012) - Spalding DeDecker Associates, Inc. (SDA), a regional civil engineering, landscape architectural, and surveying firm, acquires Coyle Engineering Inc. of San Antonio, Texas. Coyle Engineering Inc. will become Coyle•SDA.

Both professional engineering firms offer services to a wide variety of client types. Established in 1995, Coyle Engineering Inc. serves the San Antonio Metropolitan Area, the Hill Country, and South and Central Texas. SDA is headquartered in Michigan, with offices in Rochester Hills, Detroit, Livonia, and Monroe, as well as Cleveland, Ohio.

Coyle•SDA will continue to serve their client base from their office on Old Dietz Elkhorn in Northwest Bexar County, and Beth G. Coyle will remain in her current capacity as CEO of the firm as will H. Michael Coyle, Jr., P.E., remain President. "We are extremely excited about joining with SDA and bringing their additional expertise to our clients. SDA also offers additional resources for our staff which bodes well for the future of Coyle•SDA," said Beth Coyle.

"The leadership and relationships that Beth and Michael Coyle provide, coupled with the services and experience that SDA offers, make this acquisition extremely exciting for us. We look forward to bringing new services for Coyle•SDA to offer to new and existing clients. We are also delighted to now have a presence in the San Antonio area and look to grow and add staff in the future," said Steve Benedettini, president of Spalding DeDecker Associates, Inc.

Established in 1954, Spalding DeDecker Associates, Inc. is an employee-owned and ISO certified consulting engineering and surveying firm specializing in infrastructure, land development, and surveying. With regional offices in Detroit and Rochester Hills, Michigan and San Antonio, Texas, and branch offices in Cleveland, Livonia, and Monroe, SDA offers a diverse set of skills to clients who seek solutions to construct and maintain their infrastructure. The firm offers municipal engineering, construction engineering, forensic engineering, transportation engineering, land development, landscape architectural, pavement management, and land surveying services. Coyle Engineering, Inc. has provided the highest quality civil engineering services to private and public sector clients throughout Texas since 1995. The firm offers municipal engineering, construction engineering, forensic engineering, transportation engineering, land development, and pavement management services.
