Spalding DeDecker Associates, Inc. names Cheryl L. Gregory, PE Director of Engineering

Rochester Hills, MI (February 19, 2014) - Spalding DeDecker Associates, Inc. (SDA), a national civil engineering, landscape architectural, and surveying firm, names Cheryl L. Gregory, PE Director of Engineering. With 26 years of experience in the engineering industry, Cheryl serves as a vice president and director for the firm. As Director of Engineering, she will oversee SDA's municipal, transportation, land development, and construction engineering operations.

Cheryl Gregory, PE received a B.S. in Construction Engineering from Lawrence Technological University. Ms. Gregory holds Professional Engineering licenses in Michigan, Illinois, and Texas. Cheryl belongs to the American Society of Civil Engineers, Institute of Transportation Engineers, and Women's Transportation Seminar, and is also a Chapter Honor Member of Chi Epsilon Civil Engineering Honor Society.

Ms. Gregory has experience providing project management, QA/QC, design oversight and construction administration on various highway reconstruction / rehabilitation, roadway capital preventative maintenance and enhancement program projects for State, County, and Local jurisdictions. With nearly 15 years of prior experience with MDOT, she is well-versed in State and Federal design standards and policies, as well as the practical applications for local governments. Her experience encompasses road design, traffic safety, environmental assessments, public engagement, non-motorized paths, storm sewer systems, utility coordination, permitting processes, and geotechnical investigation. Cheryl is also knowledgeable in funding issues. Her unique combination of construction, design, and administrative experience enables her to expertly review and oversee the production of high-quality construction plans and specifications.

"Cheryl's leadership ability and willingness to take on challenges makes her a great choice for this new position. She will leverage the experience she gained as manager of our Transportation Department and use that ability to make a greater impact on SDA by leading our Engineering Department. I am delighted that she has once again chosen to assume more responsibility," said Steve Benedettini, president of SDA.

Established in 1954 and celebrating its 60th year in business, Spalding DeDecker Associates, Inc. is an employee-owned consulting engineering and surveying firm specializing in infrastructure, land development, landscape architecture, and surveying. With regional offices in Detroit and Rochester Hills, Michigan, and San Antonio, Texas, and several field offices, SDA offers a diverse set of skills to clients who seek solutions to construct and maintain their infrastructure. The firm offers municipal engineering, construction engineering, forensic engineering, transportation engineering, land development, landscape architectural, pavement management, and land surveying services.
