Spalding DeDecker Associates hires Andrew L. Keller

Detroit, MI (September 20, 2007) - - Spalding DeDecker Associates, Inc. (SDA), a regional civil engineering and surveying firm, recently hired Andrew L. Keller to manage their SCADA (Supervisory Control and Data Acquisition) operations.

Andrew comes to SDA with over twenty-two years of experience in management and control systems design. The hiring of Andy is significant in that he brings many years of SCADA experience which SDA will now use to launch new services in the SCADA industry. SCADA is predominately used in facilities such as water and wastewater facilities or building facilities to monitor items critical to successful operations.

“Mr. Keller has a proven background in SCADA and will help SDA provide value-added services to SDA clients,” said David A. Lakin, PE, President of SDA.

Established in 1954, Spalding DeDecker Associates, Inc. is an engineering consulting firm specializing in infrastructure, land development, and surveying. With offices in Detroit, Rochester Hills, and Brighton, Michigan, and field offices in Trenton and Farmington Hills, Michigan, SDA is an employee owned and ISO certified organization that provides design and engineering solutions for municipal, land development, transportation, and water/wastewater projects. The firm also offers complete construction engineering and land surveying & mapping services.
