

Kimley-Horn & Associates Pavement Management Services

Nationwide

Spalding DeDecker Associates, Inc. (SDA) currently provides pavement management services to Kimley-Horn who is beginning to offer pavement management services to their existing retail and municipal clientele.

SDA's experts have been called on to perform AutoCAD Civil 3D services, pavement assessments, and subsequent pavement data processing and reporting for projects in the Northeast US, Virginia, and California.

SDA looks forward to providing as-need services to Kimley-Horn & Associates well into the future.
